# FIVE WISHES.

here are many things in life that are out of our hands. This Five Wishes document gives you a way to control something very important — how you are

treated if you get seriously ill. It is an easy-to-complete form that lets you say exactly what you want. Once it is filled out and properly signed, it is valid under the lavvs sofmost states.

#### What Is Five Wishes?

Five Wishes is the first living will (also called an advance directive) that talks about your personal, emotional, and spiritual needs as well as your medical wishes. It lets you choose the person you want to make health care decisions for you if you are not able to make them for yourself. Five Wishes lets you say exactly how you wish to be treated if you get seriously ill. It was written with the help of the nation's leading experts in end-of-life care. It's also easy to use. All you have to do is check a box, circle a direction, or write a few sentences.

#### How Five Wishes Can Help You And Your Family

- It lets you talk with your family, friends and doctor about how you want to be treated if you become seriously ill.
- Your family members will not have to guess what you want. It protects them if you become seriously ill, because
- they won't have to make hard choices without knowing your wishes.
- You can know what your mom, dad, spouse, or friend wants. You can be there for them when they need you most. You will understand what they really want.

#### How Five Wishes Began

For 12 years, Jim Towey worked closely with Mother Teresa, and, for one year, he lived in a hospice she ran in Washington, DC. Inspired by this first-hand experience, Mr. Towey sought a way for patients and their families to plan ahead and to cope with serious illness. The result is Five Wishes and the response to it has been overwhelming. It has been featured on CNN and NBC's Today Show and in the pages of Time and Money magazines. Newspapers have called Five Wishes the first "living will with a heart and soul." Today, Five Wishes is available in 30 languages.

#### Who Should Use Five Wishes

Five Wishes is for anyone 18 or older — married, single, parents, adult children, and friends. More than 40 million people of all ages have already used it. Because it works so well, lawyers, doctors, hospitals and hospices, faith communities, employers, and retiree groups are handing out this document.

People who use Five Wishes find that it helps them express all that they want and provides a helpful guide to family members, friends, care givers and doctors. Most doctors and health care professionals know they need to listen to your wishes no matter how you express them.

#### My State

Five Wishes was created with help from the American Bar Association's Commission on Law and Aging. If you live in the District of Columbia or most states you can use Five Wishes and have the peace of mind to know that it substantially meets your state's requirements under the law. If you live in one of four states (Kansas, New Hampshire, Ohio, or Texas) you can still use Five Wishes but may need to take an extra step. Find out more at FiveWishes.org/states.

## How Do I Change To Five Wishes?

You may already have a living will or a durable power of attorney for health care. If you want to use Five Wishes instead, all you need to do is fill out and sign a new Five Wishes as directed. As soon as you sign it, it takes away any advance directive you had before. To make sure the right form is used,

please do the following:

 Destroy all copies of your old living will or durable power of attorney for healthcare. Or you can write "revoked" in large letters across the copy you have. Tell your lawyer if he or she helped prepare those old forms for you.

Tell your Health Care Agent, family members, and doctor that you have filled out a new Five Wishes. Make sure they know about your new wishes.

#### How Do I Start Using Five Wishes?

Let us help with some tips on how to start using Five Wishes and how to talk about it. Activate your Five Wishes to get these benefits at FiveWishes.org/activate.

# The Person I Want To Make Health Care Decisions For Me When I Can't Make Them For Myself.

f I am no longer able to make my own health care decisions, this form names the person I choose to make these choices for me. This person will be my Health Care Agent (or other term that may be used in my state, such as proxy, representative, or surrogate). This person will make my health care choices if both of these things happen:

- My attending or treating doctorfinds / am no longer able to make health care choices, AND
- Another health care professional agrees that this is true.

If my state has a different way offinding that I am not able to make health care choices, then my state's way should be followed.

Choose someone who knows you very well, cares about you, and who can make difficult decisions. A spouse or family member may not be the best choice because they are too emotionally involved. Sometimes they are the best choice. You know best. Choose someone who is able to stand up for you so that your wishes are followed. Also, choose someone who is likely to be nearby so they can help when you need them. Whether you choose a spouse, family member, or friend as your Health Care Agent, make sure you talk about these wishes and be sure that this person agrees to respect and

follow your wishes. Your Health Care Agent should be at least 18 years or older (in Coloradov 21 years or older) and should not be:

Your health care provider, including the owner or operator of a health or residential or community care facility serving you.

• An employee or spouse of an employee of your health care provider.

Serving as an agent or proxy for 10 or more people unless he or she is your spouse or close relative.

#### Picking The Right Person To Be Your Health Care Agent

I understand that my Health Care Agent can make health care decisions for me. I want my Agent to be able to do the following: (Please cross out anything you don't want your Agent to do that is listed below.)

- Make choices for me about my medical care or services, like tests, medicine, or surgery. This care or service could be to find out what my health problem is, or how to treat it. It can also include care to keep me alive. If the treatment or care has already started, my Health Care Agent can keep it going or have it stopped.
- Interpret any instructions I have given in this form or given in other discussions, according to my Health Care Agent's understanding of my wishes and values.
- Consent to admission to an assisted living facility, hospital, hospice, or nursing home for
   me. My Health Care Agent can hire any kind of
   health care worker I may need to help me or take
   care of me. My Agent may also fire a health care worker, if needed.

- See and approve release of my medical records and personal files. If I need to sign my name to get any of these files, my Health Care Agent can sign it for me.
- Move me to another state to get the care I need
- to carry out my wishes.
- Authorize or refuse to authorize any medication or procedure needed to help with pain.
- Take any legal action needed to carry out my wishes.
- Donate useable organs or tissues of mine as allowed by law.

 Listed below are any changes, additions, or limitations on my Health Care Agent's powers.

#### If I Change My Mind About Having A Health Care Agent, I Will
