

# ACPOLED Series

## American Compact LED Floodlight

### PRODUCT OVERVIEW

### Applications:

Auto dealerships  
Schools  
Churches  
Industrial sites

Shopping centers  
Parking lots  
Substations  
Building facades

TN/YG-Yoke Mount Luminaire EPA of 1.76 Ft<sup>2</sup> and max weight 30 lbs.

YK-Yoke Mount Luminaire EPA of 1.76 Ft<sup>2</sup> and max weight 31 lbs.

Tenon Mount Luminaire EPA of 1.89 Ft<sup>2</sup> and max weight 28 lbs.

### Features:

#### Mechanical

Low copper content die cast aluminum housings has integral heat sink fins to optimize thermal management through conductive and convective cooling. Bolted or optional stainless steel latch disengages electrical cover for easy access to LED driver, surge protection, and terminal block.

Luminaire is vibration rated to 3G per ANSI C136.31-2001 and rated IP66 per IEC60068-2-3.

Rigorous five-stage pre-treating and painting process yields a finish that achieves a scribe creepage rating of 8 (per ASTM D1654) after over 5,000 hours exposure to salt fog chamber per ASTM B117.

Yoke shall be painted steel or galvanized steel. Knuckle mount shall be adjustable to fit 2-3/8 inch to 2-7/8 inch tenon.

#### Electrical

LED light engine is rated for > 100,000 hours at 25C, L70. Electronic driver has an expected life of 100,000 hours at a 25C ambient.

Robust surge protection: 20kV/10kA surge protection per ANSI C136.2 is the default, with 10kV/5kA surge optional.

Driver power factor is 90% minimum. Driver meets maximum total harmonic distortion (THD) of 20% and is ROHS compliant.

#### Optical

Three multi-die LED's combined with highly specular reflectors provide superior field to beam ratios, uniformity, and spacing.

NEMA optical pattern choice of medium flood (4X4), flood (5x5) wide flood (6x6), and wide flood rectangle (6x5). The luminaire is available with 3000K, 4000K, and 5000K CCT with minimum CRI of 70.

Optional shielding available to control light trespass and uplight. Optical enclosure shall be glass lens.

#### Controls

3 pin and 7 pin rotatable NEMA photocontrol receptacles available.

Optional premium solid state locking-style photocontrol – DSS (10 year rated life).

Optional extreme long life solid state locking-style photocontrol – DLL (20 year rated life).

Optional onboard adjustable output module (AO) allows the light output and input wattage to be modified to meet site specific requirements.

#### Standards

Suitable for ambient temperature -40C to 40C.

CSA Certified to U.S. and Canadian standards.

DesignLights Consortium® (DLC) Premium qualified product. Not all versions of this product may be DLC Premium qualified. Please check the DLC Qualified Products List at [www.designlights.org/QPL](http://www.designlights.org/QPL) to confirm which versions are qualified.
